

Welcome to EQUIP 2014! This convention is founded on the conviction that God's Word is living and active, powerful to save, and sufficient for equipping Christians for every good work. God works in power by His Spirit through His Word. We trust that you will be taught, challenged and trained through studying God's Word together over the next few days.

The aim of the conference is to expose students and young adults to good Bible-driven teaching and to equip them to read, understand, apply and explain the Bible for themselves. This is ultimately done that we might better know, love and serve our Lord and Saviour, Jesus Christ.

You will need energy and a clear head to get the most out of this convention. Please plan to get enough sleep, and take time to reflect on what you are learning. It is a great privilege and joy to be gathered around God's Word.

Yours in Christ,

The Equip Team

Workshops

Workshops are the nuts and bolts of EQUIP. These are geared to getting to grips with principles and tools for understanding the Bible. These principles will be put to use in working through specific Bible passages, both as individuals and as small groups. Engage your brain and be encouraged to `have a go' – that way you'll learn the most.

Elective Streams

Elective streams ground what you are learning in the workshops in a practical ministry. Relaxed and interactive, the electives will train and equip you in specific areas of Christian ministry. Your chosen

elective stream will run over 3 days.

- **Money** ...Jason Palacio
- **God's Big Picture** ...Sean de Kock
- **Children's Ministry** ...Jo Taylor
- **Workplace Ministry** ...JD Marx
- **Sex & Marriage** ...Ed & Liza Ender
- **The Gospel & South African Culture** ...Chris Thwala

Q & A

There will be Q&A after each of the talks, as well as an extended Q&A in the evening. We encourage you to make good use of these times as they can help clarify understanding, spell out applications, and knock around difficult issues. Make sure you pick the brains of our speaker, your workshop leaders and anyone else you can find.
